

Party

Audrey Nuna

Pretty enemy
Take me to the East side
Leave me on the West side
Whatever you like
Pretty enemy
Blinded by the limelight
Hit you with the M5
Whatever you like

Party
All you do is party (Party)
Sorry
Don't tell me you're sorry (Sorry)
'Cause you cross my mind at like 95
Yeah, you cross my mind at like 95
(Cause I can't fake it no more)

Smile like you're the joker
Then you hide your bodies in the sofa
Count cards playin' poker
Whatever you like
Bacardi with the soda
And your gold teeth, and your coca
Hot tub and pagoda
Whatever you like

Party
All you do is party (Party)
Sorry
Don't tell me you're sorry (Sorry)
'Cause you cross my mind at like 95
Yeah, you cross my mind at like 95
(Cause I can't fake it no more)

Party
All you do is party (Party)
Sorry
Don't tell me you're sorry (Sorry)
