

Starving

Audrey Nuna

Ah-ah, ah-ah
Ah-ah, ah-ah
Ah-ah, ah-ah
Ah-ah, ah-ah

Think I might have ran out of luck
My friends say I should just give it up
They're probably right but I just can't get enough (Ah-ah)

It all started, started out just to end
(Teach me, teach me, teach me)
I'm starving (I'm starving), you just wanna be friends
(Teach me, teach me, teach me, teach me)

You tried to guess my favorite song
It's like you never knew me at all
Still you're the one to break things off (Ah-ah)
First I win your heart to lose it all again
And the hardest part is trying to pretend (Ah-ah)

It all started, started out just to end
And I'm starving (Starving), you just wanna be friends
(You wanna do this again, baby? Alright)

I don't know your favorite song (You wanna bet?)
I don't know your favorite game (You wanna bet?)
I don't know your pet name (You wanna bet?)
(Mm, mm-hmm, mm-hmm, alright, watch this)
Well, your favorite song is by that one artist
And your favorite game, the one you just started
You know the blame one, it's a shame, hon'
To call your roommate a pet, kinda lame, uh
Oh, now I'm a dog (That's a bet)
Oh, now I'm a dog (You're a vet)
Oh, wait you told your momma about it? (What?)
Oh, wait you told your daddy about it? (What?)
Come on, bae, let's talk about it (Let's)
Didn't know you was that mad about it (Wait)
What'd you say about me when I'm not here?
Matter of fact, baby, tell me how you got here

It all started, started out just to end (Ooh, ooh)
And I'm starving (Starving), you just wanna be friends (I'm starving, I'm, I
'm, I'm starving)

And I guess now we'll never, guess now we'll never know
You said we'd be together, now you never pick up your phone
And I guess now we'll never, guess now we'll never know (Never ever say neve
r ever, baby, it's never goodbye)
You said we'd be together, now you never pick up your phone (No, baby, my ph
one died, I'll call you when I get inside)
And I guess now we'll never, guess now we'll never know (Never ever say neve
r ever, baby, it's never goodbye)
You said we'd be together, now you never pick up your phone (Never ever say
never ever, baby, it's never goodbye)
And I guess now we'll never, guess now we'll never know (Never know, never e
ver guess now we'll never know)

Now you never pick up, now you never pick up your phone
Pick up your phone, pick up your phone, pick up your phone
Never
