

## Day Trip

AUGUST 08

Empty bottles drugged up parties  
Life's too fast to be this close  
You do me just like nobody  
Refill me whenever I'm low  
Alcohol to dull my cravings  
I won't change I'm in my ways  
My pride won't let me say sorry  
But I can't let you get away

Oh my eyes are closed  
The battles almost over  
I'm broken  
Wound still open  
Oh, a sea of shining stars  
But my sins won't let me hold you  
Like I don't know you

Day trip! (Na na na!)  
Losing myself no sleep till dawn  
Gets bad, sometimes!  
Fighting my thoughts no kill till dark (oh oh oh)

Desperado, love me baby  
Hang my hat where I feel safe  
Sometimes you make me feel crazy  
That's when I know that I need space  
Not enough time to have patience  
When I go I leave no trace  
Consequences I'm still facing  
Rather run than plead my case

Oh my eyes are closed  
The battles almost over  
I'm broken  
Wound still open  
Oh, a sea of shining stars  
But my sins won't let me hold you  
Like I don't know you

Day trip! (Na na na!)  
Losing myself no sleep till dawn  
Gets bad, sometimes!  
Fighting my thoughts no kill till dark (oh oh oh)

Day trip!  
Day trip!  
Ooh ohhh  
Day trip!  
Ooh oh oh oh  
Day trip!  
Ohhhh ohh  
Day trip!
