

# Don't Call Me

AUGUST 08

I don't do too much talkin'  
YSL, fashion week walkin'  
Hood pop R&B hoes want me  
If they don't lead to a bag, it's beyond me  
Stretched out, a nigga way too comfy  
Same night, switched up flights  
And she a dancer queen, I'm more like Mike

You know I'm more than the hype  
She so attached to the life  
Pulled up on the late, late night  
Pulled up on the late, late night  
You know I'm more than the hype  
She so attached to the lights  
Pulled up on the late, late night  
But after that, just don't call me

Don't call me, don't text me  
Don't page me, don't fax me  
Don't send a telegram unless you're paying me  
Don't call me, don't call me

Don't call, don't call me  
Don't call, don't page me  
Don't call, don't call me  
Just don't, just don't call me  
Don't call, don't call me  
Don't call, don't page me  
Don't call, don't call me  
Just don't, just don't call me

I can't find no one like you  
But I don't mean to like you  
Been spendin your time in places I don't care to be  
Callin' me psycho  
Askin' for a ride, oh  
All the red flags, I don't want you next to me

You know I'm more than the hype  
She so attached to the lights  
Pulled up on the late, late night  
Pulled up on the late, late night  
You know I'm more than the hype  
She so attached to the lights  
Pulled up on the late, late night  
But after that, just don't call me, yeah

Don't call me, don't text me  
Don't page me, don't fax me  
Don't send a telegram unless you're paying me  
Don't call me, don't call me

Don't call, don't call me  
Don't call, don't page me  
Don't call, don't call me  
Just don't, just don't call me  
Don't call, don't call me

Don't call, don't page me  
Don't call, don't call me  
Just don't, just don't call me

Don't call, don't call me  
Don't call, don't page me  
Don't call, don't call me  
Just don't, just don't call me  
Don't call, don't call me  
Don't call, don't page me  
Don't call, don't call me  
Just don't, just don't call me
