

## Don't Waste It

AUGUST 08

Cause I think we might be in love and  
The night is young so baby no  
Don't you waste it or maybe I'm wasted  
I think you might be the one and  
Tonights for making love so  
Baby don't waste it  
But maybe I'm wasted

I'm feeling pretty risky high  
You got a cup of something nice, oh oh  
Come put your empty hand in mine  
And don't let go until its light, oh oh

Cause I feel the glow  
Infatuation on alcohol  
Heart beating slow  
If we don't try will never know  
Will never know

Cause I think we might be in love and  
The night is young so baby no  
Don't you waste it or maybe I'm wasted  
I think you might be the one and  
Tonight's for making love so  
Baby don't waste it  
But maybe I'm wasted

I feel my body getting warm, wait  
I'm never sober in your arms oh no  
So baby never do me wrong  
Cause I don't wanna wake up alone no

Cause I feel the glow  
Infatuation on alcohol  
Heart beating slow  
If we don't try will never know  
Will never know

Cause I think we might be in love and  
The night is young so baby no  
Don't u waste it or maybe I'm waisted  
I think u might be the one and  
Tonights for making love so  
Baby don't waste it  
But maybe I'm wasted
