

## Father Issues

AUGUST 08

Heard the bad news  
Heard the bad news  
That I wasn't coming back for you  
Donna its true  
Donna its true  
There are some things I gotta fix for you  
Ohh  
Can picture your eyes looking into my heart  
Ohh  
Rocking in rolling, I dwell in the dart

I got father issues weighing on my chest  
I got father issues weighing on my chest  
Some I just can't fix  
I got father issues  
I got father issues  
I got father issues  
I got father issues

Heard the bad news  
Heard the bad news  
Momma told me not to play with you  
Tell me the truth  
Tell me the truth  
Is it Alex from your study group  
Can't wrap my head around the thought  
Of you sleeping with another man  
You hit me hard with all you got  
Rolling stone can't find a place to go

I got father issues weighing on my chest  
I got father issues weighing on my chest  
Some I just can't fix  
I got father issues  
I got father issues

I got father issues weighing on my chest  
I got father issues weighing on my chest  
Some I just can't fix  
I got father issues  
I got father issues  
I got father issues  
I got father issues
