

Serenade

AUGUST 08

I know you feel something 'cause I feel it too
Whenever I'm in this moment, I know what to do
You're fire mixed with water, you're electrical
Don't wanna give you this love

I just wanna serenade you
You, oh, you
I just wanna serenade you
You, oh, you
I just wanna serenade you

Straight from the heart, tell me your feelings
The light in the dark, let's give It meaning
What do you choose?

'Cause I just wanna serenade you
You, oh, you
I just wanna serenade you
You, oh, you
I just wanna serenade you

'Nade you
I just wanna serenade you
'Nade you
I just wanna serenade you

Ooh, whoa
Ooh, whoa
Ooh, whoa
Ooh, whoa
