

Swim

AUGUST 08

Oh shit, never knew that I could break (I could break)
Never knew that I could make it to the mountaintop
Throw my hands and grab a little heaven
Oh shit, made so many bad mistakes
Dived into the deepest lake to find the lowest point
Just to swim back up again (Swim, swim, swim)

Even if I fall don't give up on me
Happiness always felt luxury
But don't rain on my parade just march with me
To the beat of our drum, we'll dance beautifully

Oh shit, never knew that I could break (I could break)
Never knew that I could make it to the mountaintop
Throw my hands and grab a little heaven
Oh shit, made so many bad mistakes
Dived into the deepest lake to find the lowest point
Just to swim back up again (Swim, swim, swim)

Whenever I call, pick up for me
Don't be afraid to show the world you fuck with me, yeah
Sometimes I feel alone but luckily
You accepted all my flaws without judging me
(And that's cool, that's cool, that's cool, yeah)

Oh shit, never knew that I could break (I could break)
Never knew that I could make it to the mountaintop
Throw my hands and grab a little heaven
Oh shit, made so many bad mistakes
Dived into the deepest lake to find the lowest point
Just to swim back up again (Swim, swim, swim)
