

## Towards The Sun

AUGUST 08

So deep in my mind that I get nervous  
I'm chasing you down with liquid courage  
Your breaking my heart but it was worth it  
Cause you said that things have to be perfect

Feels just like there's  
All this drama in my life I'm falling towards the sun  
Started out as you and me but ended back at one  
I could never figure out if I was what you want  
All this drama in my life I'm falling towards the sun

Baby mistreating me like a demon  
She keeps on breaking my feelings  
Throwing my heart at the ceiling  
Do it for free with no reason  
Set in her ways and she won't change  
I don't know why I don't run away  
Fly her out to the Maldives  
She throw it back on it lightly  
Aw yeah  
Lost myself but I don't care  
Stuck inside this nightmare  
Novocaine I cant feel at all  
Aw yeah  
Lost some friends but I don't care  
Hang my hat on the chandelier  
Fuck it

Feels like it's  
All this drama in my life I'm falling towards the sun  
Started out as you and me but ended back at one  
I could never figure out if I was what you want  
All this drama in my life I'm falling towards the sun

Towards the sun  
Towards the sun  
Towards the sun  
Towards the sun  
Towards the sun  
Towards the sun  
Towards the sun  
Towards the sun  
Towards the sun
