August Alsina

Two AM and I'm thinking about you  
Hoping you tell me to come through  
'Cause you know I'm gon' be on the way to come take you down  
Promise that I won't break you  
Two AM and I'm thinking about you  
Two AM and I'm thinking about having you screaming out loud  
Two AM and it's you that I'm dreaming about  
Plotting and scheming about you at two AM

Baby let me know what you doing  
Tell me who else on your mind?  
I ain't gotta tell you, you already know  
That it's you that is always on mine  
I get flashbacks from the last time  
I was in your body, it's divine  
When I had you up against the dresser  
Panties to the side [?] get undressed  
Girl I saw that you a pro with it  
You don't hesitate to go get it  
Deep throat with it and you ain't a quitter  
No spitting, that's how you got a nigga fucked up  
Sending you a text, girl is you up?  
Girl let me know  
Whipped out a full tank of gas in it  
Baby you the GOAT, I ain't gassing  
Girl the way you throw that ass in  
Got me tryna make it last

Two AM and I'm thinking about you  
Hoping you tell me to come through  
'Cause you know I'm gon' be on the way to come take you down  
Promise that I won't break you  
Two AM and I'm thinking about you  
Two AM and I'm thinking about having you screaming out loud  
Two AM and it's you that I'm dreaming about  
Plotting and scheming about you at two AM

Lately  
Girl you got me thinking 'bout you daily  
Tryna see you, I don't need a reason  
Girl, you know you got a nigga fiending  
You, you  
Something I ain't never had done before  
Came through thinking you might be the one, I'm sure  
That's what I'm texting for

You done tell me come over  
So I can come over and  
Make you cum over and over  
Bend over  
Do it just like I told you  
I'ma put my hands on your shoulders  
Girl, you're showing off  
You throw it back when I back stroke it  
Keep it wet wet like a deep ocean  
Got me concentrating, I'm in deep focus  
[?] at two AM
