I'm not sayin' that it's so hard to commit  
Not sayin' you're someone that's easy to forget  
Not tryna play around like I'm so hard to get  
I'm just sayin' I ain't tryna label this yet  
Oh, oh, oh, yeah, yeah  
Lately you've been so impatient  
Givin' me the vibe, like you're so tired of waitin'  
Don't think I enjoy that you're anticipating  
Or that I don't try to  
Make sure all your questions get replied to

I can give a hundred reasons I ain't made you my girl, oh, oh  
I can come up with a million excuses  
But I'm sure it would be useless  
If it's all the same to you

I love the chase  
I love the chase  
I know that I can settle down but it's a waste  
I know that Mrs. Right could be right in my face  
But I'm gon' miss it 'cause I'm busy on the chase  
I love the chase  
I love the chase  
I know that I can settle down but it's a waste  
I know that Mrs. Right could be right in my face  
But I'm gon' miss it 'cause I'm busy on the chase

Sorry that I can't provide you (Provide)  
With more than slide through (Slide)  
That I can't make you someone I give all my time to (I give all my time)  
Not tryna have you out here thinkin' you ain't special (Girl, you special)  
But you a girl I think someone should give they best to  
But it can't be me, just to be honest (Oh yeah)  
I can't handle handcuffs (No)  
I'll go too far beyond this (Beyond)  
I see too many pretty young things  
Way over yonder (Oh yeah)  
Girl, I'm a player and a hunter  
And I can't stop or I'll never wonder, yeah

I can give a hundred reasons I ain't made you my girl, oh, oh
