FBGP (Fuck Bitches Get Paid)

August Alsina

[Intro:]
Man you fucked it up for these other hoes
Man you fucked it up for these other hoes

[Verse 1:]
You know you bad
So a nigga like me ain't even gotta tell you that
Soon as I hit your city you're like, where you at?
So I pull up at your crib and I come handle that
You know I handle that
But when I hit the road
You be tripping telling me how you don't trust these hoes
Got me thinking when I'm ready I might bring it home with you
Thought you're worth the move
But I guess that I was wrong, couldn't be further from the truth

[Pre-Chorus:]
I remember when you told me I should look out for them crazy bitches
Probably out there plotting scheming tryna to have a baby with you
When I think about it everything you said was true
But you went and did the same thing you told me not to do

[Hook:]
Man you fucked it up for these other hoes
Now you're stuck in your hoeish ways
Sick and tired of you playing games
Fuck bitches I'm getting paid
Man you fucked it up for these other hoes
Now you're stuck in your hoeish ways
Sick and tired of you playing games
Fuck bitches I'm getting paid
All these bitches I'm getting paid
All these bitches I'm getting paid
All these bitches I'm getting paid
All these bitches I'm getting paid
Man you fucked it up for these other hoes
Now you're stuck in your hoeish ways
Sick and tired of you playing games
Fuck bitches I'm getting paid

[Verse 2:]
I don't trust 'em, I don't love 'em, I don't cuff 'em
I just fuck'em being faithful girl
I tried it now I treat 'em like it's nothing
'Cause I thought that you was different
Thought you had potential
Now I see that I was tripping
Almost caught me slipping
Tryna save a hoe who don't wanna be saved
Never thought you could be this way
You used to be my prided dime
Now I don't trust shit you say
Girl look at the games you play
Who the fuck you think I am
Saw pictures of your sonogram
You posted on your Instagram

[Pre-Chorus:]
I remember when you told me I should look out for them crazy bitches
Probably out there plotting and scheming tryna to have a baby with you
When I think about it everything you said was true
But you went and did the same thing you told me not to do

[Hook:]
Man you fucked it up for these other hoes
Now you're stuck in your hoeish ways
Sick and tired of you playing games
Fuck bitches I'm getting paid
Man you fucked it up for these other hoes
Now you're stuck in your hoeish ways
Sick and tired of you playing games
Fuck bitches I'm getting paid
All these bitches I'm getting paid
All these bitches I'm getting paid
All these bitches I'm getting paid
All these bitches I'm getting paid
Man you fucked it up for these other hoes
Love is something you'll always waste
Sick and tired of you playing games
Fuck bitches I'm getting paid
