Fly Far

August Alsina

Somebody told me if you wanna make a difference, you must first do somethin' different
Try different levels, tryna be somethin' be special
Grind and be somethin' greater than what these haters projected
Grow and be somethin' bigger and better than they expected
Pushin' it to the limit, seem like the money infinite
Your spendin' habits, used to not have it to spend it with
When you ain't got it, ain't got nobody to struggle with
Lost some friends and relationships

Maybe if I
Knew better, I would do better
Found a family and make my crew better
Instead of givin' loyalty to whoever
Tired of dealin' with the hurtin'

Dear God make me a bird
So I can fly far
Fly far
Far, far away from here
Dear God make me a bird
So I can fly far
Fly far
Far, far away from here
Far, far away from here

Take me away because they don't want me to say this
Keep the love and take out the hatred
You give me courage to take it further
Guess I shouldn't complain 'cause I made it further than they did
Young man, I'm just a young man
Workin' every day to do what I can
Lord why you have to put me on this island
And in the open, you would chime in

Maybe if I
Knew better, I would do better
Found a family and make my crew better
Instead of givin' loyalty to whoever
Tired of dealin' with the hurtin'

Dear God make me a bird
So I can fly far
Fly far
Far, far away from here
Dear God make me a bird
So I can fly far
Fly far
Far, far away from here
Far, far away from here

Can you take me away? Far, far away
Far, far away
Far, far away
Far, far away
Can you take me away? Far, far away
Far, far away

Far, far away

Dear God make me a bird (Can you take me away?)
So I can fly far
Fly far
Far, far away from here
Dear God make me a bird (Can you take me away?)
So I can fly far
Fly far
Far, far away from here
Far, far away from here
