

Ghetto

August Alsina

I run away you keep them heels on
I rang yours but it's paid phone and it's real love
Show them tattoos when you stitch it up
Got your jeans on
And you got an as* so fat I can't but tend low
You keep it real when it comes to having se*
Girl you don't ever flex
Long as I fu*k you good
You ain't worried bout what's next
That's why I keep you here
You ain't like them other hoes
Cause you the f*cking best
Just in case you didn't know

Cause you ain't got
A half a million dollar condo
And you ain't got
A hundred thousand dollar car
But you got a billion dollar body
Trust me I know
You keep it hood no matter where you are

Cause you come from the ghetto
Coming from the ghetto
You're you the type I like
That's why I keep you right you off the ghetto
Coming from the ghetto
Ain't afraid to let them show
Baby, go on let them know
You are the ghetto
Let them know, you from the ghetto
Better let'em know
Girl you are the ghetto
Better let'em know
Better let'em know
You are that G-H-E-TT-O

You hold it down
And you never let them hate us
Come around, girl that's why I keep you on speed dial
Just in case some sh*t get down
Just in case I need you
If they lock me down I know I did you
That's where I went down
I know you understand how it go
But you're down for the prize
That's why I still keep you by my side

Cause you ain't got
A half a million dollar condo
And you ain't got
A hundred thousand dollar car
But you got a billion dollar body
Trust me I know
You keep it hood no matter where you are

Cause you come from the ghetto

Coming from the ghetto
You're you the type I like
That's why I keep you right you off the ghetto
Coming from the ghetto
Ain't afraid to let them show
Baby, go on let them know
You are the ghetto
Let them know, you from the ghetto
Better let 'em know
Girl you are the ghetto
Better let 'em know
Better let 'em know
You are that G-H-E-TT-O

She G-H-E-TT-O
My little buddy, my little ho*
Working hard since I was in high school
She had my hearty in secrets too
Burn her eyes in the project
Never listen what the guys said
She been going though sh*t
I can tell, because her eyes read
Heart, heart getting beat up
Start up but don't this need ya
Imma hunt like a presidential
You're my own if you don't leave me
She G-H-E-TT-O
I love that sh*t
Cause you never see it with mine
Don't mean she roll
Yeah
Shout down my pimping
Shouting on white girls
Shouting on her possessions
Shout to play her role
Got all this in here with me
And I could rap it I could tell her
I f*cked with you lil' baby
Even though you from the ghetto

Coming from the ghetto
You're you the type I like
That's why I keep you right you off the ghetto
Coming from the ghetto
Ain't afraid to let them show
Baby, go on let them know
You are the ghetto
Let them know, you from the ghetto
Better let 'em know
Girl you are the ghetto
Better let 'em know
Better let 'em know
You are that G-H-E-TT-O
