

If We Broke Up

August Alsina

Yeah

If we broke up I know what I would do (What?)
Call and take the camp all on my name (That's right)
Make sure that the WiFi password changed (That too)
Nothing is beneath me I'm just sayin' (You decide)
I'll take the batteries out the remote (Ha)
And everything I bought would have to go (Gotta go)
I'll even take the food out the fridge (That's right)
And I'll take all the nabs off the stove

I'll be damned if the next nigga get to lay up in my sheet
Kissin' on my chick
All in the bed, fuckin' in my fit
Seein' those outfits that I bought you
You got me fucked up
If you say you fuck us and you fuck him
Girl how you gon' fuck him?
I'm tired, I'm trippin'
Forgot I was just what if, hypothetical inquisition
I forgot that we both in good place, just want you to know my position
Girl I hope it never happens, it's kinda hard to imagine
How it would completely different between you and me

If we broke up (Broke up, broke up)
And we decide to throw it all away (All away)
Oh baby, if we broke up (Broke up, broke up)
Hard for me to find the words to say
Girl if we, if we
Girl if we, girl if we, girl if we broke up
Girl if we, girl if we, girl if we broke up
If we broke up (Broke up, broke up)
I know I would feel some type of way, if we broke up

I'll hide the charger to your phone
Siphon all the gas out of your car
Oh, throw away the bags to all your earrings
Report your social media for fun, ooh
Send a dozen roses to your bestfriend (Hey, bestfriend)
Ask who is it every time you call (Who is this?)
Plug up on the toilet in your bathroom
Cut the straps to all your favorite bras

I'll be damned if the next nigga get to lay up in my sheet
Kissin' on my chick (My chick)
All in the bed (Bed), fuckin' in my fit (Fuckin' in my fit)
Seein' those outfits (Yeah), that I bought you
You got me fucked up
If you say you fuck us and you fuck him (Fuck him)
Girl how you gon' fuck him? (How you gon' fuck him?)
I'm tired, I'm trippin' (Yeah)
Forgot I was just what if (Yeah), hypothetical inquisition (Yeah)
I forgot that we both in good place (Oh, yeah), just want you to know my position (Yeah)
