

# Shake The World

August Alsina

I heard I was cancelled (Hmm)  
Well, let's speak on that  
Red dot on my back, I became a target  
And I'm flawed but flawless, that's what makes me August  
Name hotter than a eight month summer in Charlotte  
And I'm great, no debate, no room for bargain  
Really walk it like I talk it, y'all just be barkin'  
Now if my shorty really ballin', I nickname her Spalding

This shit sound like crack, don't it?  
This shit sound like I'm back for it  
And that shit had a nigga paranoid  
Industry tried to exile the boy  
My momma said we all gotta bear our cross  
I had to realize I'm cut from Jesus' cloth  
My brother Sean told me, "Just give it time"  
And your bitch be tellin' me, I'm so damn fine  
And it's true, ooh, ooh, ooh  
Yeah, it's true, ooh, yeah  
'Cause I'm nothin' like you, ooh, ooh, ooh  
You, ooh, oh, you  
I started my label named "Shake The World" (Then the world shoo  
k)  
'Cause goddamn it, that's right, I shake the world (Shake the w  
orld)  
I heard it's some shit that's bound to go down when you got a b  
illion dollars on the elevator  
Well, of course some shit was bound to go down when you tangled  
up with the world's favorite (Ah-ooh)  
(Movin' on)  
Ooh, ah-ah-ooh (Now that I'm out of this Matrix, let's say a pr  
ayer for all my haters)

Earth below me, sky above me  
Fill the dark of night with light  
So that the morning sun unveils all snakes and enemies that's h  
iding  
Make there terrors, make Paul Bearers, of their friends and fam  
ilies  
Mark their stones and homes with R.I.P's  
And make them all deep buried bodies  
Words just casted a spell over your body  
And you ain't even know  
I put a spell on you, and you and you and all your ancestors to  
o  
Yeah, goddamn it  
I put a spell on you, and you and you and all your ancestors to  
o
