

Slow Motion

August Alsina

I like it like that, she working that back
I don't know how to act
Slow motion for me, slow motion for me
Slow motion for me, slow motion for me
I like it like that, she working that back
I don't know how to act
Slow motion for me, slow motion for me
Slow motion for me, slow motion for me

You know you killing in that skirt
Know I'm go to put it in your life 'til you tell that it hurt
It's hard to hear you speak up
Want me to slow it down cause you ain't keeping up
I'm a dick thrower, her neck and her back hurting
Know it, there's one thing for certain
I'm a young nigga, I'm a subtle pussy killer
Fuck them other niggas, guarantee you I'm moolah
Hit you one time, you gon' be talking for days
Texting me and thinking 'bout me, then go buy me some J's
Please, I got hooked now she can't quit
I can call anytime and she get here quick like

I like it like that, she working that back
I don't know how to act
Slow motion for me, slow motion for me
Slow motion for me, slow motion for me
I like it like that, she working that back
I don't know how to act
Slow motion for me, slow motion for me
Slow motion for me, slow motion for me

Fuck that, I'm gon' speed it up
Smack it, flip it, rub it down, beat it up
Now she looking at me like, damn this nigga ain't playing
All this pipe game I'm laying, I ain't bragging I'm just saying
She fucked up from the jump
She love the way I hit it hard from 12 to early in the morn'
Now she feeling me strong, she said she want it again
And she got a surprise cause she bringing her friend
I like how them Victoria's Secrets sit on that ass
Let me put some more hip and Hennessey in your glass
Would I be violating if I be grabbing yo hands for?
I know that's waszamm, all I want is a sample

I like it like that, she working that back
I don't know how to act
Slow motion for me, slow motion for me
Slow motion for me, slow motion for me
I like it like that, she working that back
I don't know how to act
Slow motion for me, slow motion for me
Slow motion for me, slow motion for me
