Today

August Alsina

Save the world (Save the world)

Get yours, 'cause I'ma get mine's today
I'm sure, won't change my mind today
No choice, I gotta find a way
I'm on the grind, 365, got no time to waste
And I'm gon' work like they gon' put me in the ground today (Today)
'Cause I'm not sure they ain't gon' put me in the ground today (Today)
So, I'm gon' work like they gon' put me in the ground today (Today)
I ain't certain they won't put me in the ground today

Still goin' hard everyday, tryin' to overcome, that's real
Still speaking from the heart, tryin' to give people something they could fe el
Still N.O. raised H-Town, baby. Gotta keep it trill
Still wake up, praying to God to show me the fake from the real

I'm still chasin' the paper ain't nothing changed
Still gotta pay the bills
Still gotta be there for my nieces, and I just say I will
Seems like everyday I feel like giving up and giving in
Feel like I ain't got a choice. I can't sink I gotta swim

Gotta keep runnin' away, that's why I'm keeping the faith
Gotta be grateful, nigga you made it
And I ain't stoppin', keepin' it poppin'
Know that they hate it, but I'ma treat 'em the same
They gon' keep chasin' the fame, tell 'em to stay in they lane

Get yours, 'cause I'ma get mine's today
I'm sure, won't change my mind today
No choice, I gotta find a way
I'm on the grind, 365, got no time to waste
And I'm gon' work like they gon' put me in the ground today
Cause I'm not sure they ain't gon' put me in the ground today
So, I'm gon' work like they gon' put me in the ground today
I ain't certain they won't put me in the ground today

Till I'm six feet under, I'ma grind
First thing when I wake up, money on the mind
When you like me, came up in the dark, you can't help but shine
When yo' niggas out here dying, locked up doing time
You gon' hustle like there's no tomorrow
Stack that paper high, and get the fuck up outta dodge
Buy the house you always wanted, foreigns all in yo' garage
Diamonds all over yo' watch, haters back home on your block
See what you got and they plot
Hopin' that they catch you slippin' or maybe you forgot

Gotta keep runnin' away, that's why I'm keeping the faith
Gotta be grateful, nigga you made it
And I ain't stoppin' keepin' it poppin'
Know that they hate it, but I'ma treat 'em the same
They gon' keep chasin' the fame, tell 'em to stay in they lane

Get yours, 'cause I'ma get mine's today
I'm sure, won't change my mind today

No choice, I gotta find a way
I'm on the grind, 365, got no time to waste
And I'm gon' work like they gon' put me in the ground today
Cause I'm not sure they ain't gon' put me in the ground today
So, I'm gon' work like they gon' put me in the ground today
I ain't certain they won't put me in the ground today
