

Would You Know?

August Alsina

One minute I'll be on one, next minute I'll be chillin'
Sometimes I really care, sometimes I really don't
And you'll be all up in your feelings
Sometimes I wanna be solo
Sometimes I feel like something missin'
Sometimes I be like damn you could be the one
If you keep playin' your position, and you be playin' your position like a p
ro
Like the way you know, if you really got the good I'll never let you go
And you always look good, you be going with the flow
Keep on doing what you doing, baby that will get you chose
I suppose, who knows
Depends on how I be feeling, using what my heart's revealing
Maybe you got what I'm missin', would you keep it real and
My heart belong to you, baby would you act right
Could you be the one on my side or would you run and hide
If I gave my all to you, baby would you play your part if I gave you my hear
t

Would you know what to do with it
Would you know what to do
Would you know what to do, baby if it was you
Would you know what to do
Would you know what to do with it
Would you know what to do
Would you know what to do or would you be confused, baby if it were you

Would you stay down for a nigga
Times get bad stick around with a nigga
If I came home late, if I had a long day
Would you lay me on the bed, go to town on a nigga
Tell the truth, baby would you
Be the one I need, baby could you take all of me
If I call you are you down to ride, if fall down you be by my side
Girl I really wanna know, are you puttin' on a show

Is it really you for sure, if you not then let it go
Baby I ain't what you want, if you puttin' on a front
And you tryna blow a smoke, better fire up a blunt
Let it pass me, cause I'mma keep it real if you ask me
I'll let you know how I'm feelin', you'll see what my heart's revealing

Maybe you got what I'm missin', would you keep it real and
My heart belong to you, baby would you act right
Could you be the one on my side or would you run and hide
If I gave my all to you, baby would you play your part if I gave you my hear
t

Would you know what to do with it
Would you know what to do
Would you know what to do, baby if it was you
Would you know what to do
Would you know what to do with it
Would you know what to do
Would you know what to do or would you be confused, baby if it were you

If I gave my heart, I gave my all to you

If it where your heart, all I'm asking you
If you focused on paper, they focus on drama
When you feel like this game, puts a strain on you and your momma
When you feel like you're going insane, all these nigga's acting strange
And you feel like nobody else is feeling your pain

My heart belong to you
My good my bad, my now my past
If you take that
If I gave my all to you
My use my do's, my new life now
If you where me, if I where you
If you had to walk a mile in my shoes
If nobody else would ride with you
And you only 22, what would you do
