

# For Now, Forever

Augustana

Say what you mean  
Because the tide is turning  
What a waste it would be  
If the fire stopped burning

Will you stay with me  
'Til the world ends?  
Will you pick me up  
Whenever I can't stand?  
All we have is here  
And all I need is you  
Ooh-ooh-ooh-ooh

For now, forever  
For bad or better  
We got to hold it together  
For now, forever  
Ooh, for now, forever

Well if you lose your way  
I can help you find it  
Together we'll be okay  
I know that we can survive it

Will you stay with me  
'Til the world ends?  
Will you pick me up  
Whenever I can't stand?  
All we have is here  
And all I need is you  
Ooh-ooh-ooh-ooh

For now, forever  
For bad or better  
We got to hold it together  
For now, forever  
Ooh, for now, forever, ooh  
Yeah, yeah

Will you stay with me  
'Til the world ends?  
Will you pick me up  
Whenever I can't stand?  
All we have is here  
And all I need is you  
Ooh-ooh-ooh-ooh

For now, forever  
For bad or better  
We got to hold it together  
For now, forever  
Yeah, for now, forever  
Hey  
For now, forever
