

## Meet You There

Augustana

Climb up on a mountain, just to watch it come down  
But sooner or later babe, you're gonna need me around  
'Cause you're getting older, there ain't no stopping that  
It's a backstabbing world honey, just lean your head back

The fool in me  
It's like a dream, you see  
But if the world is right  
I'll drive all night  
And meet you there someday

Six in the morning, never felt so sweet  
Just put on Lucinda baby, and dance with me  
I know I'm hard to count on  
Forget half what I'm told  
You probably only know my voice from  
A goddam microphone

It's a waste  
A teenage taste of me  
But if Daddy cries  
Just say goodnight  
And I'll come  
If I could change  
I'd keep away the rain  
And the sun would shine every night  
And I'll come meet you there someday...

Meet you there someday  
Meet you there someday  
Meet you there someday
