Okay

Augustana

If this is the only thing that I do
If this is our last time face to face
I'll never get too far without you
What's gonna fill this empty space

The more that I say, the less it matters
So, how do I put this into words?
I never imagined what comes after
Don't think I could feel that kind of hurt

Okay, what else am I supposed to say?
I can't believe I'm losing you this way
I don't know how to fix the way I am
And it's not your fault
I've lost control
I'll let you go, okay

If you could be happier without me
If this is the place where we give up
Just let me spare your lips from asking
And we can pretend we're not in love

Okay, what else am I supposed to say?
I can't believe I'm losing you this way
I don't know how to fix the way I am
And it's not your fault
I've lost control
I'll let you go

The only thing that's left to say is tangled in a knot
I don't know how to find a place I never knew we lost
I can't convince your heart that mine is changing when it's not okay

Yeah, what else am I supposed to say?
I can't believe I'm losing you this way
I don't know how to fix the way I am
And it's not your fault
I've lost control
I'll let you go, okay
