

Take

Augustana

Falling behind, can't catch up
Watching it run away from us
I'm feeling the weight every step we take
Just for a minute, want to step away

Let's go back to the place before we forget it
Where we left it
Cause I know it'll change, be gone in a second
If we let it

I don't want to waste no time
So, take all of my love
Take all of my love
You don't gotta wait long or save some
Take all of my love
Take all of my love

Don't want to leave with a song unsung
Or die with a word left in my lungs
Don't want to leave anything on the table, no
Cause I can't take it with me when I go

Let's go back to the place before we forget it
Where we left it
Cause I know it'll change, be gone in a second
If we let it

I don't want to waste no time
So, take all of my love
Take all of my love
You don't gotta wait long or save some
Take all of my love
Take all of my love

...
