

# Something From Nothing

Aura Dione

This gonna be the first time I really see  
How much you mean to me  
This gonna be the first time I really know  
How much I ought to show

If I could give you something from empty space  
I would use my voice to put a smile on your face  
Making something from nothing is what I do  
And I will give it to you  
And now I'll give it to you

This gonna be the first time I really am  
What you think of me  
This gonna be the first time I really feel  
That this love could be real

If I could give you something from empty space  
I would use my voice to put a smile on your face  
Making something from nothing is what I do  
And I will give it to you  
And I will give it to you  
And I will give it to you  
(You know I'll give it to you)  
And I'm gonna give it to you  
(I will give it to you)  
And now I'll give it to you

It's hard to describe exactly what I feel inside  
Like I'm filled with stars  
Letting go of time  
Accepting the changes  
So the world can stay the same  
Forcing myself not to be playing games  
It's hard to describe exactly what I feel inside  
Like I'm filled with stars  
Letting go of time  
Accepting the changes  
So the world can stay the same  
Forcing myself not to be playing games

Cause we are used to use each other  
And I am used to fool my lovers

If I could give you something from empty space  
I would use my voice to put a smile on your face  
Making something from nothing is what I do  
And I am gonna give it to you  
And I am gonna give it to you  
(You know I give it to you)  
And now I'll give it to you

If I could give you something from empty space  
I would use my voice to put a smile on your face  
Making something from nothing is what I do  
And I will give it to you
