

Golden Hour

Au/Ra

Don't you give up
I know you've been hurt
Just keep holding on
Until the golden hour

Don't you give up
I know you've been hurt
Just keep holding on
Until the golden hour

Don't you give up
I know you've been hurt
Just keep holding on
Until the golden hour

The sun goes down so find the light
In the smallest moments
The sun comes up just wait all night
For the golden hour

Don't you give up
I know you've been hurt
Just keep holding on
Until the golden hour

Don't you give up
I know you've been hurt
Just keep holding on
Until the golden hour
