

Ideas

Au/Ra

Don't put ideas in my head
In my head

Wish you were hot or cold
This in-between-ness givin' me feelings
Don't tell me you don't know
Your conversation ain't so innocent

Bite your tongue
Don't you know how wild these thoughts will run?
Careful now
I hang on every word that leaves your mouth

Don't put ideas in my head (No)
Don't put ideas in my head (No)
Because the deeper they get, the more I like it
Don't put ideas in my (No)
Don't put ideas in my (No)
Don't put ideas in my head
Don't try to fuck with my feelings
Fuck with my feelings
Don't put ideas in my head (No)
Don't put ideas in my (No)
Don't put ideas in my (No)
Don't put ideas in my head

I get that dopamine like angel cake bites
Feeds my appetite
Between your lines I read, fill up the blank space
With my fantasy

Bite your tongue
Don't you know how wild these thoughts will run?
Careful now
I hang on every word that leaves your mouth

Don't put ideas in my head (No)
Don't put ideas in my head (No)
Because the deeper they get, the more I like it
Don't put ideas in my (No)
Don't put ideas in my (No)
Don't put ideas in my head
Don't try to fuck with my feelings
Fuck with my feelings
Don't put ideas in my head (No)
Don't put ideas in my (No)
Don't put ideas in my (No)
Don't put ideas in my head

In my head, in my head

Don't put ideas in my head (No)
Don't put ideas in my head (No)
Because the deeper they get, the more I like it
Don't put ideas in my (No)
Don't put ideas in my (No)
Don't put ideas in my head

Don't try to fuck with my feelings
Fuck with my feelings
Don't put ideas in my head (No)
Don't put ideas in my (No)
Don't put ideas in my (No)
Don't put ideas in my head
