

# Desert Flower

Auri

All I wanted was  
For to see your smile break out  
A mirror for the sun  
And the early rising moon

All I wanted was  
All I wanted was

Past the line, on the steps  
Follow you  
Hear me slowly breathe  
Cross the line, up the steps  
Follow you  
Hear my fading voice

All I wanted was  
For to wake you from our dream  
The hope of kingdom come  
Drifting out across this field  
All I wanted was

Past the line, on the steps  
Follow you  
Hear me slowly breathe  
And we'll  
Cross the line, up the steps  
Follow you  
Hear my fading voice

Once this morning has passed  
Once this morning has gone

All I wanted was  
For to cross the Rubicon  
Softly pull the fences down  
Cross the waves, across our lives

All I wanted was  
To go  
All I wanted was  
To go
