

## The Apparition Speaks

Auri

It'll take  
More than your  
Mind and body  
To hear what's being said

Are you the rain?  
Recycling the sea  
Washing away  
Who I thought I might be

Misty you are  
Hiding  
In plain sight  
Dissolving the night  
Washing away  
Who I thought I might be  
I can't hear you, I can't hear you

I can't hear you  
Wait  
Wait  
I can  
Hear  
You

I can hear you  
I can hear you  
I can hear you  
I can hear you  
I can hear you  
I can hear you  
I can hear you
