

# Under the Water

AURORA

Under the water we can't breathe, we can't breathe  
Under the water we die  
Under the water we can't be together  
Under the water we are alone

Then why do we jump in?  
Why do we jump in?  
Under the water we die

So many souls, that lost control  
Where did they fall?  
And to the deep, what do they see?  
Where did they fall?  
Where did they fall?

Hearts will dream again  
But we'll breathe in  
Wash away the sin...  
It's where it begins  
Feet won't fail you now  
Hearts won't let you down  
Wash away the sin

Under the water we can't be together  
Under the water we die  
Then why do we jump in?  
Why do we jump in?  
Under the water we die

So many souls that lost control  
Where did they fall?  
And to the deep, what do they see?  
Where did they fall?  
Where did they fall?

Hearts will dream again  
But we'll breathe in  
Wash away the sin...  
It's where it begins  
Feet won't fail you now  
Hearts won't let you down  
Wash away the sin

It's where it begins...

Hearts will dream again  
Wash away the sin....
