

# KINDNESS.

aurorawave

I'm down to play it cool  
I could just let it slide  
And as a matter of fact, I wouldn't waste my time  
A penny for your thoughts  
You must've lost your mind  
So keep your two cents cause I don't nickel and dime  
So wicked, malicious and vindictive  
Attempting to play victim, oh woe is me  
Just quit it, I'm not with all the talk, listen  
For the birds with the bullshitting, alright

You want a piece of me well come and get it  
I've got a lot of love to give to the world  
But if you press your luck I won't sweat it  
Middle fingers up cause I don't give a fuck now  
Didn't know now you know so you better believe it  
I mean what I say and I really mean this  
Don't mistake my kindness for weakness

You've got a lot of nerve  
I came to fucking serve  
One day you'll realize everyone gets what they deserve  
Just take a fucking look  
This karma's got you shook  
You took the wrong path, made a bad choice  
You're a crook  
Paralyzed by my kindness, look at you now  
You took advantage of me but I'm still wearing the crown  
Took the high road  
I know where I belong  
Take notes, listen close  
That's the point of this song

You want a piece of me well come and get it  
I've got a lot of love to give to the world  
But if you press your luck I won't sweat it  
Middle fingers up cause I don't give a fuck now  
Didn't know now you know so you better believe it  
I mean what I say and I really mean this  
Don't mistake my kindness for weakness

Don't mistake my kindness for weakness  
Don't mistake my kindness for weakness  
Tear apart your conscience, take a look inside your mind  
It's a pivotal part of nature  
Don't be alarmed by what you find  
It's a design, follow the signs  
Unlock your mind, let it unwind  
When you understand reality is more than meets the eye

You want a piece of me well come and get it  
I've got a lot of love to give to the world  
But if you press your luck I won't sweat it  
Middle fingers up cause I don't give a fuck now  
Didn't know now you know so you better believe it  
I mean what I say and I really mean this

You want a piece of me well come and get it  
I've got a lot of love to give to the world  
But if you press your luck I won't sweat it  
Middle fingers up cause I don't give a fuck now  
Didn't know now you know so you better believe it  
I mean what I say and I really mean this  
Don't mistake my kindness for weakness
