Auryn

Hey, I got my eyes on you,  
I see those things you do everyday.  
Babe, I need your CPR kick-start my lonely heart what do you say?

I think I might be crazy  
hoping a stranger saves me,  
oh save me from myself.  
But you're so beautiful,  
I go and risk it all,  
take a deep breath and go in...

1, 2, 3, 4

Shock drop to the floor,  
oh you've got a hold of my heart,  
a hold of my heart oooohhhh  
don't stop give me your kisses  
are electric in the dark, electric, electric  
oooooohhhhhh electric, electric,  
ooooooohhhhhh electric, electric

Hey, I feel your pulse on me  
I need to feel your speed to be ok.  
Hey, there's a familiar rush  
when your fingers touch me everywhere.

Are you an angel falling?  
To stop my heart from stalling,  
you save me from myself  
Cause you're so beautiful,  
I go and risk it all,  
take a deep breath and go in...

1, 2, 3, 4

Shock drop to the floor,  
oh you've got a hold of my heart,  
a hold of my heart oooohhhh  
don't stop give me your kisses

Siren, siren, flashing lights,  
when you breathe me back to life.  
I see my dreams in your eyes,  
when you say my name.

when you say my name.
