

Feels like silence  
And I can't seem to feel the space  
Feels like violence  
I'm out of time and out of place  
Can't feel the floor, don't see the lights  
Anticipating midnight  
Too scared to fall, long way to fly  
And I am waiting to go...  
Higher  
Elevate the state I'm in  
Go higher  
Reminding myself I'm breathing  
Want to feel again  
Want to live  
Take it all in  
Feels like silence  
And every wall is moving in  
Words like weapons  
Are leaving footprints on my skin  
Can't feel the floor, can't hear my mind  
I'm reaching out for daylight  
Too scared to fall, long way to fly  
And I am waiting to go...  
Higher  
Elevate the state I'm in  
Go higher  
Remind myself I'm breathing  
Want to feel again  
Want to live  
Take it all in  
Can't feel the floor, long way to fly  
And I am waiting  
Yeah  
Yeah  
Go higher  
Elevate the state I'm in  
Go higher  
Remind myself I'm breathing  
I want to feel again  
I want to live, take it all in
