

Pillow Talk

Auryn

You walked away without a sound
Sold your flat and left the town
No goodbye
No reply
And suddenly every song's about you

We should have made a better plan
I should have been a better man
And I would
If I could
But the truth is I'm choking on my halo

Wish that I was so much stronger
Thought I had a heart of steel
I can't hold it back no longer, no

Cause I miss the pillow talk
And the moments that we caught
Even though that all we has was nothing but a game

I miss the pillow talk
And the battles that we fought
With every step I take on my eternal walk of shame
I miss our pillow talk

I'm weaving dreams on broken looms
While dripping tears in your perfume
Like a fool
Out of love
"You don't know what you got till it's gone"

I see your face in every crowd
Hear your voice so clear and loud
And it hurts
And it burns
Can you hear it? Our song is on the radio

I can't hold it back no longer, no

Cause I miss the pillow talk
And the moments that we caught
Even though that all we had was nothing but a game

I miss the pillow talk
And the battles that we fought
With every step I take on my eternal walk of shame
I miss our pillow talk

I miss our pillow talk

Wish that I was so much stronger
Thought I had a heart of steel
I can't hold it back no longer, no

I miss the pillow talk
And the moments that we caught
Even though that all we has was nothing but a game

I miss the pillow talk
And the battles that we fought
With every step I take on my eternal walk of shame
I miss our pillow talk

I miss our pillow talk

I miss our pillow talk..
