

## Your Favorite Guy

Auryn

I know what I really need.  
You are my destination failed.  
Don't cross over with me, babe.  
This time I promise I'm gonna be so cruel  
I never again would lose my mind,  
Not for you.

And I'm confused just with your beautiful smile.  
And I'm still waiting for the time  
You change your mind.  
I'm loosing with every word that you say.  
Don't know you,  
But I can't forget the time  
I was your favorite guy.

And now I've opened up my doors  
I've learned to live my life alone  
Cause I don't need you like before.  
This time I promise I'm gonna be so cruel  
You never again will hurt my heart,  
Anymore...

And I'm confused just with your beautiful smile.  
And I'm still waiting for the time  
You change your mind.  
I'm loosing with every word that you say.  
Don't know you,  
But I can't forget the time  
I was your favorite guy.  
I'm loosing with every word that you say.  
Don't know you,  
But I can't forget the time  
I was your favorite guy.

I'm loosing with every word that you say.  
Don't know you,  
But I can't forget the time  
I was your favorite guy.
