

# Alive

Austin Giorgio

I will love you for a lifetime  
Baby I know  
Cause I look for  
You in  
Every place I go

I won't hold back just tell me that  
I get to hold you all night  
There's no going back  
Just one taste I'm trapped

So I wanna know  
Is it all just for show  
Cause I've been here patiently waiting  
I don't wanna lie  
I'm bleeding, I'm dying inside

Yeah I wanna know  
Cause I can't let you go  
I'm down on my knees and I'm praying  
That you would be mine  
Without you my heart's paralyzed  
You keep me alive

When my mind becomes silent  
I hear your voice  
The sweetest sound  
It makes me drown  
In the beauty of you

I won't hold back just tell me that  
I get to hold you all night  
There's no going back  
Just one taste I'm trapped

So I wanna know  
Is it all just for show  
Cause I've been here patiently waiting  
I don't wanna lie  
I'm bleeding, I'm dying inside

Yeah I wanna know  
Cause I can't let you go  
I'm down on my knees and I'm praying  
That you would be mine  
Without you my heart's paralyzed  
You keep me alive  
Oh alive  
Oh keep me alive  
Keep me alive

I wanna know  
Is it all just for show  
Cause I've been here patiently waiting  
I don't wanna lie  
I'm bleeding, I'm dying inside

Yeah I wanna know  
Cause I can't let you go  
I'm down on my knees and I'm praying  
That you would be mine  
Without you my heart's paralyzed  
You keep me alive  
Oh alive  
You keep me alive  
Keep alive  
Keep me alive
