

# Automatic

Austin Giorgio

If you knew  
She's from Kansas  
You wouldn't understand it  
She's Cali not flyover states  
She's ball gowns and diamonds  
Beaches and islands  
She traded her small town for high class taste

You know her when you see her  
Every girl wants to be in her place

She's a soul sister go getter  
Anywhere you roll with her  
She's perfect she's worth it  
You work to earn it  
You can't fight it feels right and  
She's timeless can't deny  
She's classic she's magic  
Can't help but fall in love  
It's automatic

She's a Picasso  
Ovations and Bravo's  
She's dancing she laughs and you can't get away  
Happens in seconds  
Her love is a weapon  
She shoots first so make sure you're in all the way

She's a soul sister go getter  
Anywhere you roll with her  
She's perfect she's worth it  
You work to earn it  
You can't fight it feels right and  
She's timeless can't deny  
She's classic she's magic  
Can't help but fall in love  
It's automatic

You know her  
You know her  
When you see her  
When you see her  
Every girl wants to be in her place

You know her  
You know her  
When you see her  
When you see her  
Every girl wants to be in her place

She's a soul sister go getter  
Anywhere you roll with her  
She's perfect she's worth it  
You work to earn it  
You can't fight it feels right and  
She's timeless can't deny  
She's classic she's magic

Can't help but fall in love  
It's automatic  
Oh, it's automatic  
Oh, her love her love is automatic  
Matic  
Her love is  
Oh, her love is auto  
Love is automatic
