

Deserve

Austin Giorgio

I love you, I hate you
I worship then make you
Lean in then I push you away

You hurt me when we fight
Then show up at midnight
Don't want you there but you stay

Neither one of us
Has any right to go and judge
But we can't get enough

Tell me why we stay when we're both runners
Fighting, trying to keep from going under
Lightning, we're enemies then messed up lovers
I think maybe we deserve each other
Maybe we
Maybe we
Maybe we deserve each other

Your lips are my poison
I don't have a choice when
Your kiss is my pleasure and pain

Don't want you to know me
Then hate that I'm lonely
This back and forth makes me insane

Tell me why we stay when we're both runners
Fighting, trying to keep from going under
Lightning, we're enemies then messed up lovers
I think maybe we deserve each other
Maybe we
Maybe we
Maybe we deserve each other
Maybe we
Maybe we
Maybe we
Maybe we deserve each other

Tell me why we stay when we're both runners
Fighting, trying to keep from going under
Lightning, we're enemies then messed up lovers
I think
Maybe we deserve each other
Ohh deserve each other
Maybe we
Maybe we deserve each other
Maybe we
Maybe we
Maybe we
Maybe we deserve each other
Ohh
Maybe we deserve each other
Ohh
Maybe we deserve each other
