

# Drip Off

Austin Giorgio

What are we doing here tonight?  
We both know that this ain't right  
There's a scandal in your lips  
A sacred kinda kiss

I'm having bad thoughts  
And I can't stop 'em, so I'm  
Giving into your touch  
As the clothes drip off

Come and turn me on as the clothes drip off  
Moving pretty fast when you wait so long  
No one needs to know, no one needs to be involved  
It's too late to stop as the clothes drip off

I can see right through your act  
Breaking tension, don't hold back  
There's a secret we both have  
Save your breath, I already know that

You're having bad thoughts  
And I can't stop 'em, so I'm  
Giving into your touch  
As the clothes drip off

Come and turn me on as the clothes drip off  
Moving pretty fast when you wait so long  
No one needs to know, no one needs to be involved  
It's too late to stop as the clothes drip off

I feel your heat up on me  
Your embers burning up  
A deep and dark desire  
I just can't get enough  
I feel your heat up on me  
Your embers burning up  
A deep and dark desire  
As all our clothes drip off

Come and turn me on as the clothes drip off  
Moving pretty fast when you wait so long  
No one needs to know, no one needs to be involved  
It's too late to stop as the clothes drip off

Drip off  
Drip off  
It's too late to stop as the clothes drip off
