

# Overdrive

Austin Giorgio

Whatcha know about love  
Whatcha know about me  
We love and fight  
A stupid kinda crazy baby  
And I'll talk too much  
And you'll push away  
Just for us  
To end up in the bed we made

If I were another lover  
I'd be good as gone  
I would say this is insanity  
We got it all damn wrong

But that's not me  
That's not me  
That's not me

Don't push me if you don't wanna fight  
Don't temp me if your bark has no bite  
But why do I feel so alive?  
A poison I can't shake  
Don't love me babe unless you like it wild  
Love on overdrive  
Oh oh on overdrive

You always get your way  
'Cause I give into it  
And I try to fight but  
When you bend you know I break

It's visceral  
When I'm around ya  
You like your cuffs  
But babe you ain't no criminal

I don't want another lover  
Give me all you have  
I would say this is insanity  
Should I pull it back

But that's not me  
That's not me  
That's not me

Don't push me if you don't wanna fight  
Don't temp me if your bark has no bite  
But why do I feel so alive?  
A poison I can't shake  
Don't love me babe unless you like it wild  
Love on overdrive  
Oh oh on overdrive

I want ya  
On overdrive  
I want it  
And baby I can't deny

I want ya  
On overdrive  
I want it  
And baby I can't deny

Don't push me (I want ya) if you don't wanna fight (on overdrive)  
Don't temp me (I want it) if your bark has no bite  
But why do I feel so alive  
A poison I can't shake  
Don't love me babe unless you like it wild  
Love on overdrive  
Oh oh oh on overdrive

Baby I can't deny  
I want ya on overdrive  
I want it and baby I can't deny  
I want ya (I want ya) on overdrive (overdrive)  
I want it and baby I can't deny  
I want ya (I want ya)  
On overdrive  
I want it and baby I can't deny  
Oh oh
