Anxious

Austin Mahone

What's u-, what's u-, what's u-, what's up?
Usually I'm cool enough, but
Usually I don't see someone that look like they could be the one, what?
Don't wanna be forward, don't wanna create that awkward moment
But you got me frozen
Can't get my feet to do what I told 'em

Baby, your body make me wanna cut loose
But when I try, I analyze a little too much
Baby, 'cause your body makes me wanna tell the truth
So by the way

I can't help it, I want you more with every innocent touch
The more I say we're just friends, the more I wanna explore
Every time we're alone, I try to speak but I choke
Can't say it when it's just us
('Cause you make me so anxious)

(Can't wait, can't wait, uh)
(Can't wait, can't wait)

Oh, my mind's already roamin', takin' off your clothing, yeah
Did I say that out loud, say that out loud? I'm sorry
Don't wanna be forward, don't wanna create an awkward moment
But you got me frozen
Can't get my feet to do what I told 'em

Baby, your body makes me wanna tell the truth
Damn, so by the way

I can't help it, I want you more with every innocent touch
The more I say we're just friends, the more I wanna explore
Every time we're alone, I try to speak but I choke
Can't say it when it's just us
('Cause you make me so anxious)

(Can't wait, can't wait, uh)
(Can't wait, can't wait, no patience)
(Can't wait, can't wait, uh)
(Can't wait, can't wait, no patience)

Can't help it, I want you more with every innocent touch
The more I say we're just friends, the more I wanna explore
Every time we're alone, I try to speak but I choke
Can't say it when it's just us
('Cause you make me so anxious)

(Can't wait, can't wait, uh)
(Can't wait, can't wait, no patience)
(Can't wait, can't wait, uh)
(Can't wait, can't wait, no patience)
