

# Apology

Austin Mahone

I'm trying to fit this letter in a bottle  
I only hope the message can sail to you safe  
Someone said turn to The Bible  
But I don't know what God's gonna say  
Cause I broke his angel's heart  
So it's kinda hard to pray, tonight

Cause you're not here  
You say you don't want nothing to do with me  
My biggest fear  
Is you'll never hear my apology

Woah-oo, my apology  
Woah-oo, my apology  
Woah-oo, my apology  
Woah-oo-oo

I'm sorry I couldn't be everything you wanted me to be, oh, yeah  
And if this is how you remember of me, oh, yeah  
Then, girl, let this be the most beautiful letter  
That you'll ever read in your life  
I'm leaving my heart on this page  
Cause I should be there with you tonight

Cause you're not here  
You say you don't want nothing to do with me (Don't want nothin')  
My biggest fear  
Is you'll never hear why...

I only want you to be  
Sitting here next to me  
I'll hold you close, look in your eyes  
Promise, girl, I'll make it right  
I only need a piece of you  
That still wants to be in my life  
Forever

Cause you're not here (No, you're not here)  
You say you don't want nothing to do with me  
My biggest fear  
Is you'll never hear my apology

Cause you're not here  
You say you don't want nothing to do with me  
My biggest fear  
Is you'll never hear my apology
