

It don't matter where you're at it's where you're from (Hold up)
Spur of the moment Tony P (How we pull up)
Stock on rise from the bottom (Show up)
Thinking I ain't got it then we got 'em

Yeah I'm from right down the road
Riding in the foreign whipping 800 horses 'bout fast as it go
On the way to see my baby with some brand new tags and the pedal to the floor
I know you can't believe this may be hard to see
But I am

Muh' fucka
I'm Kuntry
We're them boys from the south
Where we're known to do it big
Ridin' dirty
On that 281 with that bass in my trunk
Hear me coming
We're them boys from the south
Where we're known to do it big
Ridin' dirty
On that 281 with that bass in my trunk
Hear me coming

Tried to get the kuntry out the kid (I said hold up)
Everything I do is for the city (Go up)
Walked in breaking their necks when we (Show up)
Know you ain't been seeing me around you should know

Yeah I'm from right down the road
Riding in the foreign whipping 800 horses 'bout fast as it go
On the way to see my baby with some brand new tags
And the pedal to the floor
I know you can't believe this may be hard to see
