

# Not Far

Austin Mahone

Only if you could see me now  
I hope that you'd be proud of me  
You told me to keep my feet right on the ground  
Even when my head was in the clouds, you loved me

Cause every time I fall you pick me up and I feel better  
And all the things you told me that are holding me forever  
Your smiling down on me I know it  
And any time I needed you you'd be right there whenever  
I'll always hold the memories of times we had together  
I'm praying like that you still see me

If I could spend another day with you  
With you, with you, with you  
Then I would tell you everything, you already know  
Already know, already know, already know

I have so many things to say  
But I'm sure that you already know that I miss you  
Ohhh, that's why I never worry about a thing  
Ahhh  
Cause even though you're not here with me, I know that you're not far  
You're not far, not far

You picked me up every day right after school  
I know that I get always thank to you for anything  
You told me that I can always count on you  
And even though that I would act a fool you loved me, loved me

Cause every time I fall you pick me up and I feel better  
And all the things you told me that are holding me forever  
Your smiling down on me I know it  
And any time I needed you you'd be right there whenever  
I'll always hold the memories of times we had together  
I'm praying like that you still see me

If I could spend another day with you  
With you, with you, with you  
Then I would tell you everything, you already know  
Already know, already know, already know

I have so many things to say  
But I'm sure that you already know that I miss you  
Oohh, ahh  
Aaah, that's why I never worry about a thing  
Aaah  
Cause even though you're not here with me, I know that you're not far

When ever I was in the dark  
You were my light to guide the way  
And now it seems were far apart  
And my heart ain't the same  
It's times like this that I need you  
You always knew just what to say  
And I know that you can't hear me  
But I really miss you

I have so many things to say  
But I'm sure that you already know that I miss you  
Oohh  
Aaah, that's why I never worry about a thing  
Aaah  
Cause even though you're not here with me, I know that you're not far
