

# Come Over Thinking

Austin Snell

[Verse 1]

Midnight  
It never fails when I see my phone light  
Up, and I pour a little whiskey on ice  
'Cause I know where it's goin'  
And we tried to make it work  
But we know it never does  
Door's light don't mean it don't buzz  
Yeah, for you it's always open

[Pre-Chorus]

If I say I didn't want you, I'd be lyin'  
When you say that you could be over in five, and

[Chorus]

Yeah, don't come over thinkin'  
That this is anything more than it is  
We're about crossin' that line tonight  
'Cause we already did  
Yeah, don't come over thinkin'  
Complicated, those three words girl  
Don't even say it  
Yeah, I know, I know we've both been drinking  
So come over, but don't come over thinkin'  
Don't come over thinkin'

[Verse 2]

We both  
Both know we're doin' long way wrong  
But we both got somethin' we want  
We don't wanna give it up

[Pre-Chorus]

Yeah, we can't see the sober truth through the alcohol  
So baby, let's make love then wake up to nothin' at all

[Chorus]

Yeah, don't come over thinkin'  
That this is anything more than it is  
We're about crossin' that line tonight  
'Cause we already did  
Yeah, don't come over thinkin'  
Complicated, those three words girl  
Don't even say it  
Yeah, I know, I know we've both been drinking  
So come over, but don't come over thinkin'  
Don't come over thinkin'

[Pre-Chorus]

If I say I didn't want you, I'd be lyin'  
When you say that you can be over in five, and

[Chorus]

Yeah, don't come over thinkin'  
This is anything more than it is  
We're about crossin' that line tonight  
'Cause we already did

Yeah, don't come over thinkin'  
Complicated, those three words girl  
Don't even say it  
Yeah, I know, I know we've both been drinking  
So come over, but don't come over thinkin'  
Don't come over thinkin' (Don't come over thinkin', yeah)
