

# Don't Pick Up

Austin Snell

Don't pick up my call  
Cause you ain't talking to me  
You'll hear whatever you want  
I won't remember a thing  
It's gonna start ringing  
When I start drinking  
Girl don't make it my fault  
I really don't want you back  
So don't pick up my call

I been thinkin' bout  
Goin' out  
Had a pretty good week  
Hadn't talk to you  
In a month or two  
But I do when I drink

It's always tends to happen when the whiskey's in my veins  
It's just a common courtesy to let you know before you see my name

Don't pick up my call  
Cause you ain't talking to me  
You'll hear whatever you want  
I won't remember a thing  
It's gonna start ringing  
When I start drinking  
Girl don't make it my fault  
I really don't want you back  
So girl don't pick up my call

I'm good at starting shit  
With my fingertips  
When I'm catching my buzz  
I hate to tell you my  
Drunker side  
Is gonna change your mind  
If you ain't made your mind up

It's always tends to happen when the whiskey's in my veins  
It's just a common courtesy before I go and get to drunk to say

Don't pick up my call  
Cause you ain't talking to me  
You'll hear whatever you want  
I won't remember a thing  
It's gonna start ringing  
When I start drinking  
Girl don't make it my fault  
I really don't want you back  
So girl don't pick up my call

Don't pick up my call  
Cause you ain't talking to me  
You'll hear whatever you want  
I won't remember a thing  
It's gonna start ringing  
When I start drinking

Girl don't make it my fault  
I really don't want you back  
So girl don't pick up my call

Hey it's me again  
Could be there in 10  
Been a little too long
