Austin Snell

Sunrise on the wrong side of the Jack D fifth again  
I can't find my phone but I know the boss is calling in  
But he's out of luck  
Cause I got drunk

Went home with a ten I laid here next to a five  
Pictures on the wall full of people I don't recognize  
Can't justify how I ended up  
But I got drunk

I got drunk and I don't give a fuck who knows  
Had a damn good night and this headache shows  
All gotta get a little loose from time to time  
So what?  
I got drunk  
Drunk

Yeah, tattoo of a fat dude eating cashews on my back  
Guess I got in a five-mile lift and ride  
It's all blue and black, they're swelling up  
Cause I got drunk

Yeah, I got drunk and I don't give a fuck who knows  
Had a damn good night and this headache shows  
All gotta get a little loose from time to time  
So what?  
I got drunk  
Drunk

I got drunk and I don't give a fuck who knows  
Had a damn good night and this headache shows  
All gotta get a little loose from time to time  
So what?  
I got drunk
