

I've Been Drinking

Austin Snell

[Verse 1: Austin Snell]

If I've been drinking, I'm probably at a bar
And if I'm at a bar, I'm probably shooting Jack
If I'm shooting Jack, I'll probably have a few
If I've had a few, I'm probably missing you

[Chorus: Austin Snell & Hannah McFarland, Austin Snell]

If I'm missing you
I'm probably sifting through memories
Of your midnight eyes, your red tail lights
And get to thinking 'bout where you are right now
And wanna call you up 'cause I've had too much
And if I've had too much and your phone starts ringing
It's probably 'cause I'm still in love
And I've been drinking

[Verse 2: Hannah McFarland, Austin Snell & Hannah McFarland]

If you've been drinking, I probably didn't pick it up
And if I didn't pick it up, I'm probably moving on
And if I'm moving on, then you probably should too
But baby, if I don't
It's probably 'cause I don't know how to stop missing you

[Chorus: Austin Snell & Hannah McFarland, Austin Snell, Hannah McFarland]

If I'm missing you
I'm probably sifting through memories
Of your midnight eyes, your red tail lights
And get to thinking 'bout where you are right now
And wanna call you up 'cause I've had too much
And if I've had too much and your phone starts ringing
It's probably 'cause I'm still in love
And I've been drinking (I've been drinking)

[Bridge: Austin Snell & Hannah McFarland]

Oh, I've been drinking (Mm-mm)

[Chorus: Austin Snell & Hannah McFarland, Austin Snell]

If I'm missing you
I'm probably sifting through memories
Of your midnight eyes, your red tail lights
And get to thinking 'bout where you are right now
And wanna call you up 'cause I've had too much
And if I've had too much and your phone starts ringing
It's probably 'cause I'm still in love

[Chorus: Austin Snell & Hannah McFarland, Austin Snell, Hannah McFarland]

The only reason that I get this drunk
Is probably 'cause I'm still in love
And I've been drinking (You've been drinking)
Yeah, I've been drinking, mm
