Problematic

Austin Snell

I've always had a hard time quittin'
From the missed drinks to the smoke rings and nicotine spittin'
Goin' vice to vice on a mission like
I cannot live how I'm livin'
Built the bars in my own prison
But I lived to get the fix you give, it's my favorite addiction

Oh, put me in the grave
Play me like a game I'm losin'
Oh, throw me in the flames
Burn me like the Jack I'm shootin'
Kiss me like a whiskey, be my new bad habit
You and me, I think we might be problematic
You'd think I'm a problematic

I've always been a cheap thrill junkie
Spendin' most my nights in smoky dives
Like a wanted man runnin'
Goin' from good to gone from dusk to dawn
Friends said to keep my distance
But I'm damn sure glad that I didn't
You went from double vision to my religion to my best bad decision

Oh, put me in the grave
Play me like a game I'm losin'
Oh, throw me in the flames
Burn me like the Jack I'm shootin'
Kiss me like a whiskey, be my new bad habit
You and me, I think we might be problematic
You'd think I'm a problematic
Good thing I'm a problematic

Ruin me, ruin me baby
Ruin me, yeah
Ruin me, do it
Love how you ruin me, yeah

Oh, put me in the grave
Play me like a game I'm losin'
Oh, throw me in the flames
Burn me like the Jack I'm shootin'
Kiss me like a whiskey, be my new bad habit
You and me, I think we might be problematic
You'd think I'm a problematic
Good thing I'm a problematic
Good thing I'm a problematic
