

Some Things Just Stick

Austin Snell

These redwing boots still got a little bit of Georgia stuck on
the side of em
And them gravel road rocks hangin' on to the bottom of the tire
tread got some miles on em
That #3 sticker on the back glass
Had 16 me drivin' too fast
These backroads run these roots too deep to change that

Some things just stick
Like the rust on a 2 inch hitch
3 on the tree of a 4 by 4
5 cans left of a sixer on the floor
And even if
You take this ole boy out the sticks
One day this red clay dirt will have a redneck under it
Cause some things just stick

Naw I don't go to church much anymore
But them verses mama taught me stuck with me
And there something women like about a pickup man
All thanks to ol' Joe Diffie

Some things just stick
Like the rust on a 2 inch hitch
3 on the tree of a 4 by 4
5 cans left of a sixer on the floor
And even if
You take this ole boy out the sticks
One day this red clay dirt will have a redneck under it
Cause some things just stick

Some things just stick
Like the rust on a 2 inch hitch
3 on the tree of a 4 by 4
5 cans left of a sixer on the floor
And even if
You take this ole boy out the sticks
One day this red clay dirt will have a redneck under it
Cause some things just stick

Yeah some things just stick
