

Crazy Over You

Austin Williams

I spent the past three nights beneath the neon lights
On this here barstool
I've heard the same Haggard tune me and you danced to
A dozen times or two
Yeah, I see your face all over this place
And you ain't in this room
It's a quarter to two—what else is there to do?

I'm goin' out of my mind in three-quarter time
Droppin' quarters on them old country songs
I'm pourin' 'em strong—so much for movin' on
I drink so I don't face the truth
Thought I was back then, but these days I really am
Crazy over you

All them guys on the dance floor wonderin' why I ignore
That girl they're all dyin' for
Never been in my boots—they never lost you

I'm goin' out of my mind in three-quarter time
Droppin' quarters on them old country songs
I'm pourin' 'em strong—so much for movin' on
I drink so I don't face the truth
Thought I was back then, but these days I really am
Crazy over you

I'm goin' crazy, crazy
I'm goin' crazy over you

I'm goin' out of my mind in three-quarter time
Droppin' quarters on that Merle Haggard song
Keep pourin' 'em strong—so much for movin' on
I drink so I don't face the truth
Thought I was back then, but these days I really am
Crazy over you
Thought I was back then, but these days I really am
Crazy over you

Crazy over you
